

We are pleased to announce the appointment of Craig Delves as our new General Manager.

Craig, who lives in Harpenden, has been a member at Harpenden Common Golf Club for over 20 years and has vast experience in management at a senior level. Craig will begin full time from Monday 5th April as he currently has work commitments to complete. However, Craig has agreed to work with Barry Randall during his notice period to facilitate transfer of knowledge. In addition, during March he will work part time to build into the role and support the teams preparing the club for opening once the pandemic regulations are relaxed.

Craig has stated that he looks forward to working with Manco, the staff and members, to continue the leadership that ensures HCGC remains a club for its members, known for its premier course and facilities and its friendly and welcoming environment.
