

MyEG

The MyEG app is an easy way to see how your new 'handicap index' is calculated under the World Handicap System ('WHS'). You can also look up your 'Course Handicap' depending on where you are playing.

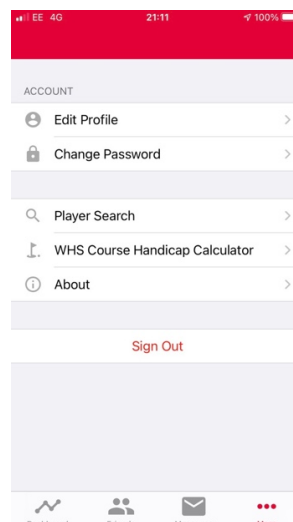

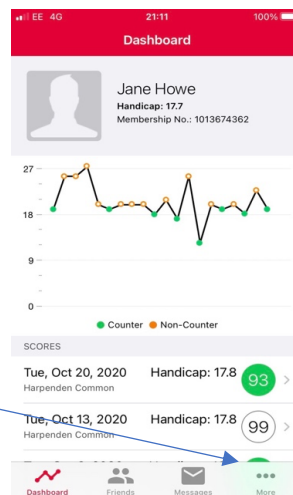

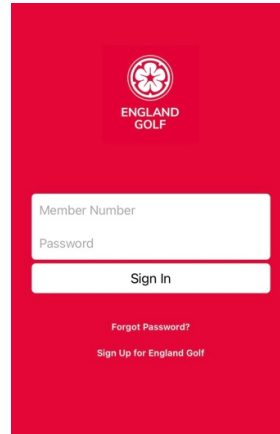

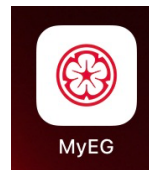

Assuming that you have already signed up to England Golf enter your 10 digit 'CDH ID' member number and password.

[You can get your 'CDH ID' from the 'V1 app' - look under 'Dashboard', scroll down to 'Handicap Certificate' and you will find your 'CDH ID' in the top left hand corner]

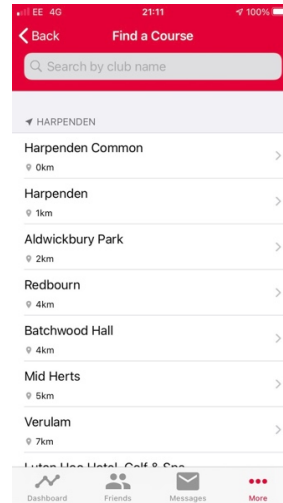

You will see a graph of your last 20 scores with the green dots showing those rounds used to calculate your handicap index.

To lookup your 'Course Handicap', select '... more' at the bottom right of the screen.

Choose 'World Course Handicap Calculator'.

Select the course that you are intending to play. In this case, 'Harpenden Common'.

Your course handicap will then be shown.
